

Doormat User Instruction

Thank you for choosing our premium doormat. Please read the following instructions to ensure optimal use:

Packaging & Initial Appearance

This doormat is vacuum-sealed in folded packaging for eco-friendly shipping. You may notice temporary creases upon unboxing. Rest assured:

- These folds do not affect functionality or durability.
- After 2 weeks of regular use, you will notice a visible reduction in creases.
- Gently stretching the mat or leaving it flat in sunlight can accelerate crease removal.

Smart Design Features

Short Pile Fibers: Medium-firm texture effectively:

- ✓ Scrapes off mud/dust from shoes
- ✓ Absorbs moisture while remaining quick-drying

All-Environment Use

Low-Profile Construction: 12mm thickness prevents door obstruction

Ideal for both indoor/outdoor placement, including:

- ✓ Front/Back Entrances
- ✓ Kitchens & Bathrooms
- ✓ Balconies & Garages

Product Picture Instruction

① Vacuum Packing

② Temporary Creases

③ Low-Profile Design
